Flamingoes can drink near boiling water, so now u know that too 😊

DILLIGAF – do u know what that stands for? - DO I LOOK LIKE I GIVE A FUCK – yes!

While I wait for u to answer I shall explain the very important LOREEE behind the name “randomer things” to potential new readers on this soon to be best-selling novel in the world /s (sorry, I don't know what is wrong with me today) well so the original title of this very novel was random things, but one day something happened to it and the document stopped working (it happened like 5 minutes after creating it) so we then had to make a new one and that became “randomer things” because it would be even more random then the first one. Thank you for reading about this important time in history.

YEH.

ANYWAY ITS 13:40. IM DONE WITH TEXT THING, FINISHED IT A WHILE AGO AND HAVE NOTHING TO DOOOOOOOOOO WHYYY AM I WRITING IN ALL CAPS I DON'T KNOWWWWWW

I need to leave before I laugh, byeeeee. Imback soon

Random info here:

The Vought F4U Corsair has the 'gull wings' as they are called because they needed space to clear the propeller, and if they had made the wings straight, the landing gear would have to have been very long, and then it'd be at risk of collapsing on aircraft carrier landings. So that's why the

bent the wings. Imma glue in a picture of the plane in question

Zhis one. Very bendy wings.

Mhmmmmmmmmmm ok

Yes. It looks like a blue seagull.

YES, it does

It’s nice we agree.

Is your document still glitching?

No, I think it is okey now

Dats good, very good. Do you have any random info or smth then?

Lemme think

Ok

Have you thought yet?

No, my brain is still loading

Okayyyyyyyyyyyyyyyyyyy

Do you know what one of my favorite musicals is?

Ehhhh.. Epic? Newsies? Hamilton?

Yes!

YEAH. Also ‘s kinda interesting how we’re just having a conversation in this document right now, but suppose that’s what it’s for, just random things.

Yes, i have nothing else to say right now about that.

Okayyyyy.. what did you write about in this writing task thing?

Task B thig the good and bad about change and challenges, and you?

Okkk, I wrote theee C task I think lemme check real fast

Yes, 17C. challenges connected to social media and stuff like that.

My document is glitching again

WHy

Maybe it is too much random shit being written at the same time

HOW DARE YOU SAY ‘TOO MUCH RANDOM SHIT’?? Also yeah it probably is ngl.

Random stuff - that better?

Hmmmmmmmmmmmmmmmmmmmmmmmmmm…. I dunno. Perhaps not

Anyway we’ve written a good amount of random shit now this last while

My PC is very warm right now. It can't handle the randomness thing

Is it going to blow up?

Oh no, does that mean i have a bomb at school

Yes. But the question is, what kind of bomb is it? Grenade? Mine? What is it? Maybe it’s a *sea mine*

Um i don't know anything about bombs i just know that they go BOOM!

Nice. Btw sea mines are round and they have some spikes, and they are under water. Grenades are, well, grenades. You kinda pull a pin, let go of a handle and yeet it. Mines can be dug underground, for example, then you step on It and it goes kaboom.

Idk which one of those descriptions fit my PC best

OHH, OHHHHH I KNOW WHAT IT ISSSSSSS! IT’S AN IED!

a what now?

Improvised explosive device

How many precent you have on your PC?
